Full floorboards

- 90cm³, 4-stroke, 1-cylinder engine tuned to produce a broad powerband and smooth power delivery. It is also easy to use and easy to maintain.

- Suzuki Composite Electrochemical Material (SCEM) cylinder, derived from the Suzuki's high-performance, high-mileage GSX-R sportbikes, for durability, weight reduction and superior heat transfer.

- A silent cam chain for comfort ride. An easy-to-access oil filter and oil strainer cap take time off the maintenance schedule.

- The engine meets the strict CARB (California Air Resources Board) emission regulations.

- An easy-to-operate CVT (Continuously Variable Transmission) helps the rider to concentrate on riding and having fun rather than shifting gears.

- Sturdy front shock absorbers are built for smooth ride, and a strong steel swingarm provides a balanced ride on various types of terrain.

- Low 650mm (25.6in) seat height comfortable for smaller riders.

- 19x7-8 front and rear tires make for a smoother ride and help keep the machine going nicely down the trail.

- A throttle limiter screw can adjust the power output of the engine to suit the rider's ability.

- An electric starter (can only start when the parking brake is applied) with a recoil backup starter.

- Suzuki's trademark T-shaped seat allows easy body positioning especially for corners.

- Large full floorboards are increasing youth rider confidence while out on the trail.

- Child-size control levers allow the rider to control with confidence.

- The drive shift has double oil seals for long-life performance.

- Vacuum-operated fuel valve automatically turns the fuel flow on and off for convenience.

- An aggressive styling cues taken from race-winning sport ATV.
